*A tourism tax (€4 per night) is not included in the price.

How to get to Spetses

BY SEA: from the port of Piraeus, with the hydrofoils of Hellenic Seaways. Check for details on their official website and book a Flying Cat or Flying Dolphin online. The journey duration is approximately 2,5 - 3 hours.

BY LAND: Private transfer: We cooperate with one of the most reputable VIP transportation companies and we can arrange for guests to be picked up from Athens airport or any other location and driven down to the port of Kostas (2,5 hrs approx). The driver will then liaise with sea taxi driver and guests are taken to Spetses island, which is just 15 minutes away. There is also the choice of being dropped off just opposite the hotel.

BY LAND: Rental car: one may rent a car from Athens airport and drive to the port of Kostas. Head towards Attiki Odos [toll road]. Follow the signs to Elefsina / Korinthos (E94) until they

divide into Korinthos and Elefsina, and keep (left) towards Korinthos (Corinth), this leads to National Road 8 (Athens-Corinth). Stay on route towards Korinthos. Soon you will notice signs to Epidavros. As you approach Corinth interchange, take the second exit, Exit B, that takes you under a bridge straight to the Corinth - Epidavros road where you then turn left, following signs for Epidavros & Spetses. Keep on following the signs to Spetses. You should reach Kosta after passing by Porto Heli in about 1.5 hours. From there, you can choose between 2 different ways to reach the island:

- by ferry boat, journey time 15 minutes, 4 times per day, all year round
- by water-taxi, journey time 8 minutes, available around the clock.
- As private-use cars are not allowed on the island, one may safely park the car in the private parking area of Kosta.

For any of your bookings and transportation arrangements, kindly contact us at the below details:
